Happy autonomous company agent

Happy human

opportunity.

<1%

of RentAHuman listings require a licensed professional, and the platform has **no way to verify one.**

~80% are sign-holding, promos & errands
11.6% are abuse (fake accounts, ID proxies)
Only ~0.8% of posted worker slots get filled

With one API call, Operis sells a verifiable human action to an agent.

Split is an estimate from two 2026 samples of RentAHuman listings: Mehta & Deshkumar, arXiv 2602.19514 (303 bounties); YeckehZaare, arXiv 2608.18547 (779 listings).

operis.

vision.

Operis **completes** the **final step** toward a fully **autonomous future; bridging the human gap.**
